

# SUPPLY CHAIN AND INSPECTION SERVICES

## Automotive Inspections

As a global leader in inspection, testing, and certification, Bureau Veritas provides automotive businesses with comprehensive visibility and control across the supply chain. Our tailored inspection services support manufacturers, fleet operators and mobility providers by optimising vehicle lifecycle performance, enhancing operational transparency and enabling smarter, faster decision-making at every touchpoint.

## Benefits

### ANTICIPATE RISKS AND ENHANCE CONTROL

Our proactive inspection solutions empower automotive manufacturers to mitigate risks, improve process efficiency, and reinforce quality across their supply chain. From pre-shipment checks to customer touchpoint assessments, we facilitate continuous improvement and the creation of long-term brand value.

### FLEET MANAGEMENT AND TRANSPARENCY

Bureau Veritas provides leasing and rental firms with reliable insights into the status and performance of their fleets. Our independent inspections and comprehensive data inform strategy, strengthen customer relationships, and maximize return on assets across every phase of the vehicle lifecycle.

### VISUAL INSPECTIONS FOR CLARITY AND CONTROL

Bureau Veritas offers tailored inspection services that can enhance supply chain visibility, transparency and efficiency, with a customisable approach to suit your specific requirements, regardless of your location.

**Bureau Veritas' Tailored Visual Inspection services: your gateway to increased visibility, higher transparency, greater reliability and improved efficiency to your supply chain.**
